FGV DIREITO RIO

Responsiveness Meeting – 2026-03-20

2nd group of papers

Lucas Thevenard

Group 2 - Discrepancy Review

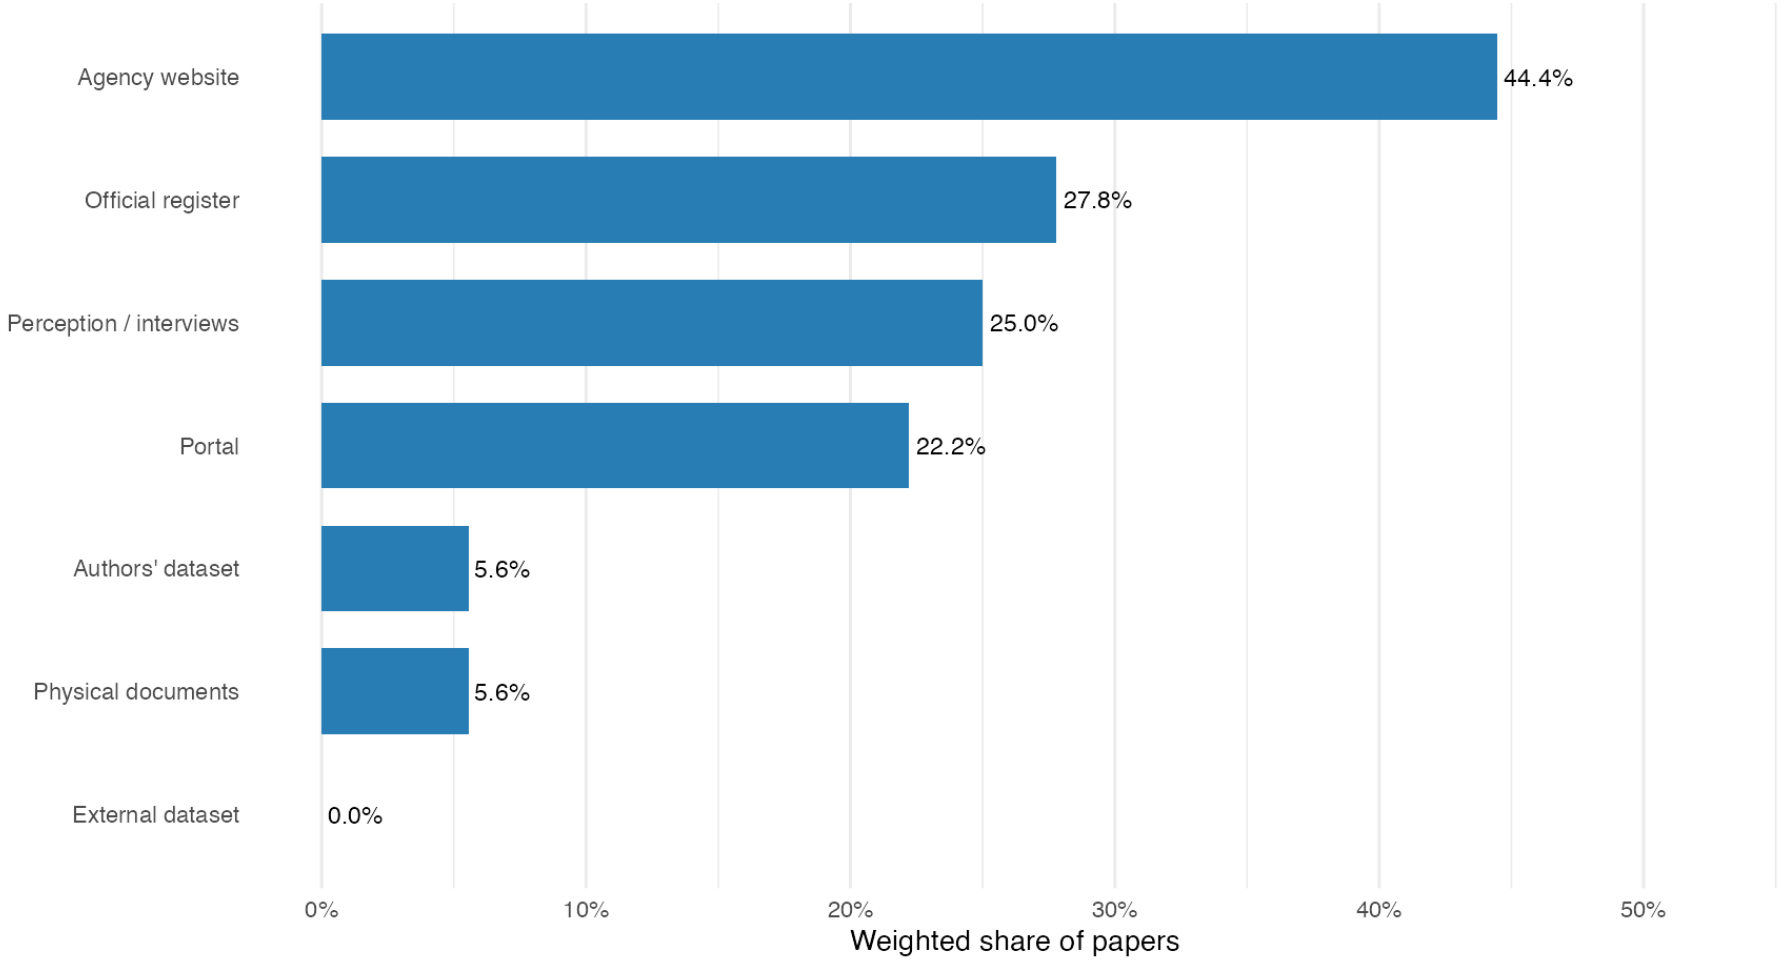
Reviewed Pair Summary

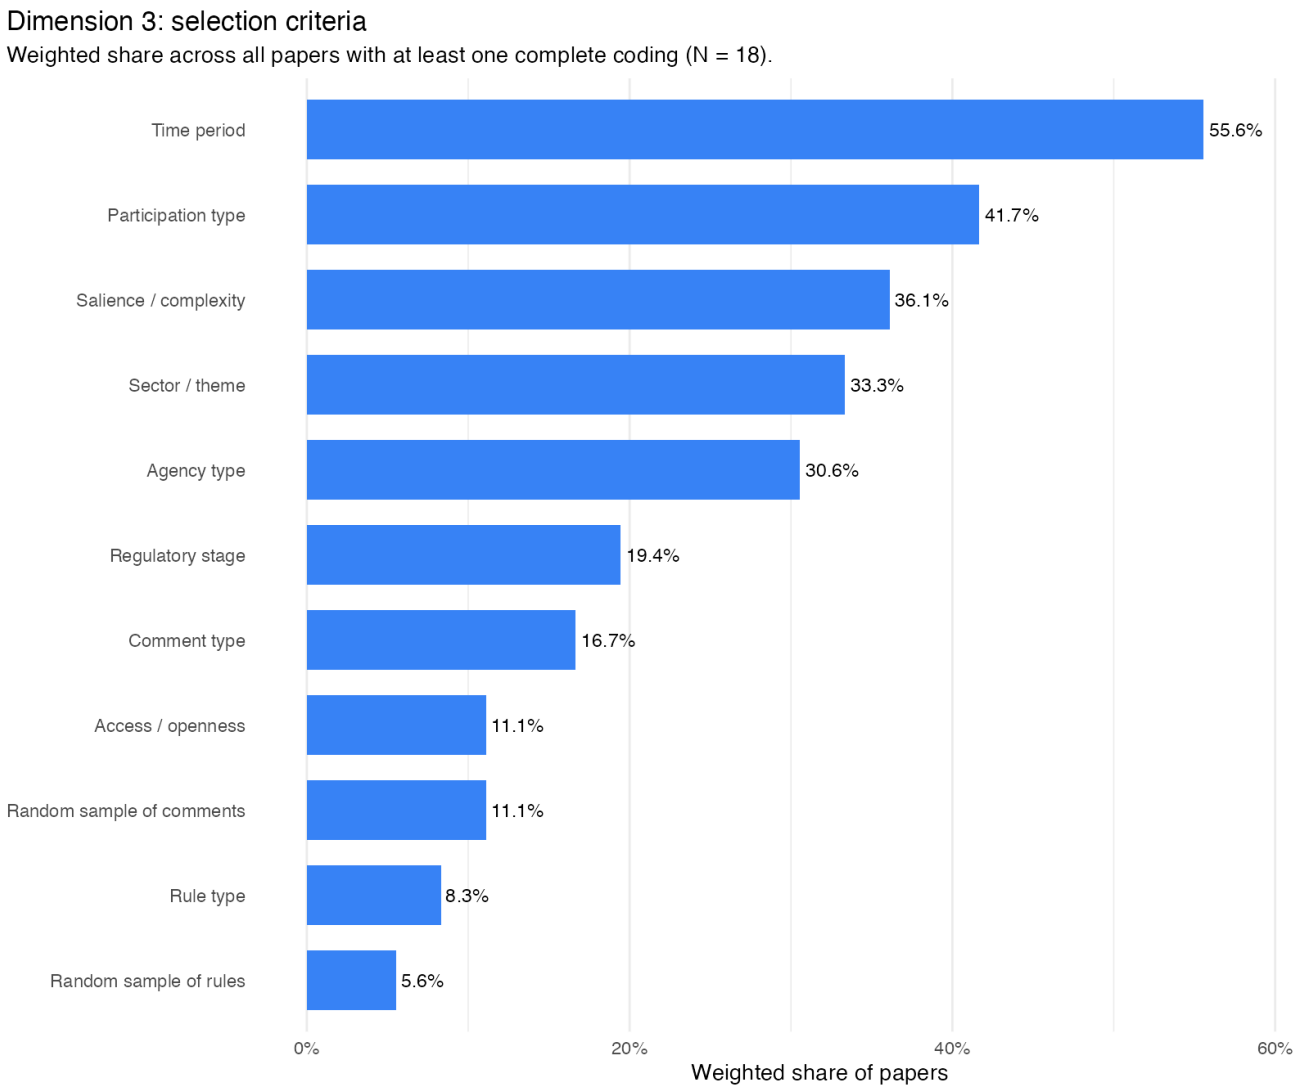
Pair	Eligible papers	Raw	Real	Fake	Conv. desc. fake
Lucas vs Balla	12, 16, 17	36	18	18	90.8%
Lucas vs Natasha	10, 11	34	11	23	91.5%
Natasha vs Balla	13	20	7	13	89.2%

FGV DIREITO RIO

Dimension 2: data source types

Weighted share across all papers with at least one complete coding (N = 18).





Dimension 3: selection criteria
Weighted share across all papers with at least one complete coding (N = 18).
Time period
55.6%
Participation type
41.7%
Salience / complexity
36.1%
Sector / theme
33.3%
Agency type
30.6%
Regulatory stage
19.4%
Comment type
16.7%
Access / openness
11.1%
Random sample of comments
